ATRIFY

Köln (50825), Germany

listing.download.description

Thanks to our solutions and services, our thousands of customers across 60 countries are able to change reliable and high-quality product information within their communities; partners and with regulatory organizations, via our cloud platform and data pool certified; GDSN

Our solution allows companies to simplify their management process and exchange information, including for digital assets (images, documents).

As a leader in the services offered to health stakeholders, atrify is the only company that combines access to the GDSN with a direct connector to euDAMED regulatory agencies and GUDID (the FDA's regulatory database).
