AURES Technologies and AURES LAB

Lisses (91090), France

listing.download.description

Cré é in 1989 and coté on Euronext since 1999, AURES Technologies is an IT manufacturer of matté rielles, digital and application solutions for all sectors of the Point of Sale.

The AURES Group has a global presence, with a headquarters in France, subsidiaries in the United Kingdom, Germany, Australia and the USA (AURES Technologies Inc and Retail Technology Group - RTG*), Tunisia (LST**) as well as a network of partners, distributors and resellers implanted in more than 60 other countries.

*La société américaine Retail Technology Group Inc (RTG) is a major player across the Atlantic in IT services and POS (hardware & software) maintenance.

** The Tunisian company LST (Leader Touch Solution) is the Group's development unit in terms of middleware and digital applications

Transversal and complementary to the Group's activities, the offer of the INNOVATION Division (AURES LAB) aims to support Brands and Service Points in their é volutions and transformations lié es à the mobilité, digital and à the omnichannel; it includes an exclusive RFID solution for the global processing of products, which makes it possible to track them individually, from their manufacture to their marketing in stores, to manage and optimize their flows and stocks - and to track and process in a timely manner the sensitive or strategic data relating thereto.

listing.download.benifits
