

DDS LOGISTICS

Paris (75001), France

listing.download.description

Leader in the market of the TMS (Transport Management System), DDS Logistics - said transport management software and international trade.

DDS Logistics offers solutions covering the totality of domestic transport processes from parcel to full truck, import/export, multimodal transit, sourcing.

Our optimization and tracing products are adapted to the problems of industrialists, distribution, international buyers, forwarders, 4 PL or e-commerce clients and guarantee a rapid return on investment: a drop in transport co-payments, a reduction in inventory by a better survey of the number of customers and the quality of service...
