Reims (51100), France

listing.download.description

PARTNER OF YOUR DIGITAL TRANSFOMRATION.

In the fields of EDI and EAI, EsaLink assists its clients on their digitalization and technicalization projects.

We bring our expertise to the business sectors of retail, industry, automotive, automotive, transport, logistics, advertising, and pharmaceuticals.

Our values are:

Quality;

An interactive of our high-performance services in a serene work environment.

The satisfaction of our customers at the heart of our procedures with a quality system certified by ISO-9001.

The cost and consideration of your quality requirements; our services.

Competitive and active commercial and technical assistance.

Transparency

We make our customers and employees feel safe and confident in working with our company.

Benevolence

Benevolence of managers towards employees, employees with each other and towards the company. We believe that benevolence, demand and economic performance are inseparable. The future of our companies depends on our know-how, but also, and above all, on our know-how.

Proximity;

The quality of human relations, advice and the spirit of service.
