EUROEDI

Captieux (33840), France

listing.download.description

Since 1992, EUROEDI has been a software provider and service provider, specializing in the Donn's Exchanges Informatis-eacutes (EDI) and the completion of inter-company flows or to the administration.

Our need is to provide you with accessible and easy EDI solutions; to implement to gain productivity, by automating your data exchanges.

We design EDI feed management tools and sign-signed PDFs, allowing you complete autonomy without advanced computing skills.

Our saaS (H-eacute;bergement) services are a rapidly cloudy system if you want to fully outsource the processing of your feeds or your eacute-electronic billing.

Every year, several million invoices are tax-efficient with our electronic billing tools, certified by GS1 France according to the provisions of the G-eacute code of the Imp-ocircs.

We spend almost 20% of our payroll on research and development to keep our solutions and products in line with market expectations while anticipating technological innovations.

We offer our 400 clients high-performance solutions, safe, scalable, adaptive to specifics, in accordance with tax regulations.

We offer you:

management of all types of EDI structuring files, standard or not,
consideration (inflows) or production (outflows) of all file formats, regardless of your information system (ERP, management software, specifics, data inter-ocircs)
routing and automating your files, via all available electronic communication channels,
tracking, managing, and archiving all your business, accounting, tax and tax flows;
On a daily basis, our technical experts are mobilized to improve reliability, activity; and financial optimization of your exchanges with your co-operations: Suppliers, Customers, Partners and Administration.
