[listing.download.description](#)

Hardis Group, a software services company and software provider, supports its customers in their digital and omnichannel transition.

The company is helping them transform their information system, supply chain and customer relationship to create value and gain in efficient performance.

Thanks to its dual historical positioning, Hardis Group has developed extensive expertise in the banking, insurance and e-health sectors, distribution, GIC and luxury, industry and energy, and logistics and transport services. Expertise that today allows it to offer its clients global responses to their needs, in an agile approach to co-construction, innovation and continuous improvement.

Since its creation in 1984, the company has built its growth on a pragmatic approach as well as values of efficiency and strong commitment, both to its 2,500 customers and its 700 employees (25% of shareholders).
