About ITinSell

ITinSell known as state-of-the-art solutions for E-logistics. Its systems make it possible to offer a new delivery experience focused on the consumer, while simplifying the management of experiences for E-commerce clients. Its philosophy: to bring operational excellence to E-commerce and 3PL in order to transform delivery into a reliable tool for acquisition, loyalty and customer engagement. Its solutions include the dispatch of multi-carrier labels from a single station, the monitoring of experiences and tools for processing delivery problems, the reappropriation of communication on delivery (notification, monitoring, evaluation, etc.) or Business Intelligence on expedition flows. ITinSell is also known as the QS Barometre which unites all the players in European E-Logistics to pool their experience flows.
