LOGOPAK

Wissous (91320), France

listing.download.description

LOGOPAK, a step ahead in automatic labeling, identification and traceability. Present for more than 40 years in the labeling market and with a strong international presence, LOGOPAK offers incomparable solutions that meet all the needs of the various industrial activity sectors. LOGOPAK designs and manufactures high performance automatic labeling machines for any production rate. True production tools, LOGOPAK labeling machines are designed to operate 24 hours a day, 365 days a year. LOGOPAK's strength: manufacturing its printing systems, which allows it to adapt the size and robustness of the components of each machine. Already having the most complete range on the market, LOGOPAK defines each print-apply system so that it is perfectly dimensioned to each customer's specific environment and to their operating constraints, even the most extreme.

THE strength of LOGOPAK: to manufacture its printing systems, which allows it to adapt the size and robustness of the components of each machine. Having a good time; of the most complete range of the market, LOGOPAK is complete with each printing-pose system so that it is perfectly sized; the specific environment of each customer and its operating constraints, the most extreme.

listing.download.benifits

With LOGOPAK, you find the answer that perfectly matches your application and you benefit from machines of extreme precision.

- Packs, boxes, pallets labeling
- Real time labeling,
- Labeling at very high speed
- Environmentally friendly labeling (linerless):backing-free labelling
- Logistics traceability software
- Labeling software
- Maintenance, training, consumables.

With its R&D department, LOGOPAK constantly imagines and develops technical advances in electronics, mechanics, IT, automation and pneumatics. Thus, LOGOPAK is already a major player in the world of RFID. Continuously at the forefront, LOGOPAK technology allows its customers to benefit from the best tools on the market to optimize their competitiveness.

Entrusting your project to LOGOPAK is the assurance of total project management and the guarantee of completion in accordance with your specifications. ISO 9001 certified, LOGOPAK is committed to a process of continuous quality improvement.

Company's information

Year of foundation : 1988
Company size : PME < à 250 personnes

Target audience

All sectors

Strengths

Assets 1 : More than 40 years of experience in automatic industrial labelling. RÉpartement R&D
Assets 2 : Manufacture its printing systems, which allows you to adapt the size and robustness of the components of each machine.
Assets 3 : Offers the perfect labeling system: Faster. More sûr. Greener.

Target audience

SMEs < à 250
ETI < à 5000 personnes
GE >= à 5000 personnes

Manufacturers activities

Industrial marking and coding solution
