

Manufacturer of RFid Barcodes and Tags

LES ULIS (91940), France

listing.download.description

European manufacturer of barcode and RFID marking and identification solutions, both durable and innovative, Inotec offers high-performance products adapted to every application, whether for the identification of the company or the marking of bins, pallets and other containers.

Inotec provides specific tags for the logistics, industry and health market. Its products are recognized for their high technicality and their resistance. Inotec develops custom-made barcode and RFid labels and also offers a wide choice of formats, adhesives and synthetic or metallic materials to meet all environmental constraints.

Inotec is a constantly evolving company that focuses on the future by making numerous investments. Indeed, the company has an R&D laboratory to carry out resistance tests on materials and adhesives (climatic, mechanical ...). Inotec is also equipped with a high-speed RFID inlay installation system (800 per minute), an RFID chip programming station to EPC standards and an automatic in-mould label varnishing line.

Inotec has achieved in 2020 a turnover of 16 million euros a growth of 5% compared to the previous year. Over the year, the company manufactures an average of 300 million labels, or more than one million labels produced per day on Inotec production lines. RFID activity accounted for 250% of the group's turnover

listing.download.benifits

- Produce:
- Labels Adhesive or magnetic resistant barcodes
 - Resistantes cards with no fixing hole
 - Resistant metal plates
 - RFid solutions resistantes or consumables (blank): UHF or HF/NFC
 - Off-metal environment, or on-Metal
 - Adhesive labels or hardened tags
- March:...
- All identification in storage: tags, panels, floor marking
 - All the work of plastic containers, wood, metal, ...
 - All special needs

Company's information

Year of foundation : 1985
Company size : TPE < à 10 personnes

Target audience

All sectors

Strengths

Assets 1 : Connaissance du marché de l'identification

Assets 2 : Réactivité

Assets 3 : Etendue de l'offre et des possibilités de développement

Target audience

All sizes companies

Activities of software publishers / integraters

RFID solution

Manufacturers activities

- Label publisher and printer
- Barcode reading equipment
- Printing equipment
- RFID equipment
- Industrial marking and coding solution
