

NEWAC

Troyes (10000), France

listing.download.description

Since 1995, NEWAC offers mobile bar code solutions in all sectors of hospital establishments (pharmacies, general stores, healthcare services, furniture inventory, lingerie, kitchens, etc.) to ensure inventory management and manufacturing. We also provide DATAMATRIX micro-percussion markings of usable medical devices.

With more than 550 clients ranging from the retirement home to the largest hospital, NEWAC is a leader in providing an integrated solution to the main French hospital software (SIH) packages.

With experience of the various constraints due to the implementation of systems of bar codes, we act as your true partner and guarantee an efficient and immediately efficient marriage process. Our dynamic and active team provides you with high-personnel monitoring of facilities and guarantees you total assistance.
