

PROGINOV

La Chevrolière (44118), France

listing.download.description

Proginov is a French-based company founded in 1996, specialized in the acquisition of management software (ERP).

Its application suite revolves around commercial and industrial management, accounting and finance, payroll and HR. Each new version, Proginov enriches its ERP with complete modules and applications, in response to the needs of its customers: non-naut; industry, agri-food, distribution and logistics, construction, carpentry and raw wood, textile and automotive, outlets and e-commerce. Today, more than 1000 companies use the Proginov ERP in France and the foreigner.

In 2001, Proginov innovated and marketed the first sme management solution in the high-end mode. This quality; Cloud Computing provides a true value-added value and now allows it to be one of the top three french-largest business management software companies and the french market leader; ERP Cloud Computing.

listing.download.benifits

In addition to its thirds of acquisition, integration and maintenance, Proginov's theatre has since been its first source of revenue with more than 5,000 users connecting on average per day.
