listing.download.description

A pioneer in its field, SATO manufactures reliable and innovative self-identification systems, and provides companies with complementary solutions in hardware, software, consumables and maintenance services.

Manufacturer of complete solutions for tagging, identification and tampering; with products ranging from code-to-bar printers (direct thermal and thermal transfer) and RFID, to printing systems - laying of labels and printing blocks, not switching to labeling software, printer accessories, scanners and portable terminals or even tongs.

SATO is also a manufacturer of consumables: adhute-eacute tags and cartons, tags, ribbons, transfers, patient bracelets.

Clients trust SATO for the prevention, work and resource savings that help safeguard the environment.

Founded in 1940, SATO is a joint venture in the first market of the Tokyo Stock Exchange in Japan. It has sales offices and support services in more than 20 countries, and is represented around the world by a network of international partners.
