

Tenor EDI Services, data specialist!

Oullins (69600), France

listing.download.description

With its success and expertise, recognized for more than 30 years, TENOR now plays a major role in the development of special services in the digitalization of the supply chain. With EDI (Electronic Data Interchange), E-commerce Informatiques, tax and realization services, the development of B-to-B and Third-party WEB applications and Enterprise Application Integration - EAI (Interapplicative Flow Management).

A complete offer that includes the logistical constraints of the most demanding sectors such as the automotive and large-scale distribution, but which also meets the needs of other sectors of activity (aeronautique, industry, logistics providers, etc.).

Today, Tenor EDI Services is 30 years of expertise in EDI service, 3 agencies and 80 experts.

listing.download.benifits

In 1988, TENOR offers its know-how in the field of information technology and communication in the form of services, advice, development and training via a technical and experiential which benefits from specialized training around the logistics standards of the automobile. Tenor's complete offer:

EDI: EDI according to customer needs. EDI solutions in SaaS, Onpremise and WebEDI to facilitate the exchange of the principals with their suppliers.

EAI: EAI are software that makes it easy to exchange flows and messages between applications in a group. These applications often serve as an interface between ERP, CRM and accounting solutions.

DEMAT: For invoices in BtoB as in BtoG, TENOR offers a set of solutions and support to facilitate the development and realization of invoices and to ensure the management of the data.

ONBOARDING: Supplier deployment is a service proposed to large groups to easily and quickly deploy an EDI process with their suppliers. TENOR then takes care of all the implementation.

DEV: Development specific and tailor-made of portals of exchange and sharing of data as well as applications (web and mobile).

Make your DATA Simple has always been our leitmotif!
