TOLEDE ERP / WMS / TMS

Saint-André-les-Vergers (10120), France

listing.download.description

In 1980, TOLEDE® developed and markets integrated management software packages that address sectors with strong constraints, the availability of information and the quality of applications are crucial.

For many 40 years, in these different areas of activity, our goal has been to provide a complete solution, both métier and technical, that effectively meets the daily needs of our customers. Easy à déployer, our solutions are equipped with intuitive and ergonomic operation as well as a rich and adapted functional coverage. Working with a single database, they interface with the main software of the market and are available in acquisition mode (on premise) or in service mode (Saas).

Today TOLEDE® équipe more than 110 companies in France and Europe. A complete IT solution through a diéeacute;e with compétences in systemème;eacute;riel, a technical and software solution éproute;eacute;eacute;e,eacute;e,eacute;eéeéeéeacute;eéeacute;eéeacute;eéeéeé , support and complete implementation (software, hardware architecture and bucket).

Our solutions work with the ORACLEées database. The ORACLE® certification of our ingénieurs is a guarantee of a level of compétence élevé in terms of integration of solutions, associated services and support.

listing.download.benifits
