WEBER MARKING SYSTEMS FRANCE S.A.S.

Quint-Fonsegrives (31130), France

listing.download.description

Recognized leader and specialist in the market for product tagging, marking and identification, Weber Marking Systems, a subsidiary of an international group, offers one of the most complete ranges of equipment, consumables and services: from simple labeling to automatic printing/installation, inkjet, laser, label and consumable markings.

Through its European research and development centre, innovative systems are continually developed, allowing them to adapt to the ever-changing market and regulations. For more than 50 years, the Bluhm Weber Group has developed innovative inkjet systems, making it the only manufacturer in the world to order 3 centralized printing technologies.

Weber Marking Systems offers quality equipment, design and manufacturing in Germany. Its knowledge is recognized worldwide by the largest companies.
